STORY PIRATES UNIVERSITY

FABULAE VINCUNT OMNIA

In reality, Story Pirates University was founded by the Story Pirates in 2020 so kids all over the world could have creative activities to do at home. But....what if we created a **fictional** (made-up) **myth** to explain **who** founded it, **when** it was founded, and **WHY?** You can use this organizer to create your own statue of a character who was a **founder,** or creator of a real **OR** made-up **school, business, or place!** Next class, we will use this character work on writing the **foundation myth** for Story Pirates University!
