

Music Monday: A Secret Message

Write a secret message poem! First, decide on your secret message. It will be easier if you keep it short. For example, your message could be: "Please give me cake." Then, take every word in your secret message, and put it into a new sentence about something COMPLETELY DIFFERENT. Do something to each word in your secret message so that it stands out: you can make it bigger, or write it in a different color, or anything else that will help someone notice those words are special. For example:

Always say **please** and thank you.

I want to **give** you lots of turtles!

Everyone tells **me** my hair is blue.

Secret messages are a piece of **cake**.

Share it with your friends and family and see if they can spot the message! And have a grownup share your Secret Message with us with us at storypirates.com/submit-a-story.
