Where are you from?

Magical Object

Many stories feature magical objects that help characters get what they want...or are even the thing itself that the character wants! Create a magical object, and think about what world it belongs to, then write about it.

What does the object look like? Draw it below.

Name of object:

Why is the object special?

Is there anything special that needs to be done to activate it?

Where is it hidden?

Who has found it over time?

What have they done with it?

WRITE: Create a travel guidebook for the magical land where the object can be found. Write a guidebook entry advising travelers how to find and use the object!

Grownups can share with us @storypirates or at www.storypirates.com/submit-a-story
