

Name:

Age:

Where are you from?

Favorite real-life sport:

# SPORT STARTER

Did you know that all of the sports you've ever watched were just *made up* by people?

Now that we have a **mascot** for Story Pirates University, we need to create a **sport** for that mascot to cheer on! We have some creative decisions to make:

Is it an **individual** (one person), pair, or a **team** sport? How many people are on a team?

**Where** is it played? A field? A stadium? A pool? A rock cliff? **Draw** it below and label your drawing:

A large, empty rounded rectangular box with a black border, intended for the student to draw the location where the sport is played.

What **equipment** do you need to play it? A ball? A net? A unicorn? **Make a list:**

# SPORT STARTER

## part 2

Ok now the **serious** stuff: The **RULES!** Every sport needs rules, so we know how to **WIN!** Let's create:

What is the **goal** of the sport? Are there points? How do you get them? How many?

**OR**, is it about doing something the best? The highest? The fastest? The **most**...something?

How does a **person** or team **win**? First to a certain amount of points? Is there a time limit? (halves? quarters?)

How do we know the game is over? Is there only one winner?

Are there things a team or player is **NOT** allowed to do? What happens if they do?

What **physical** (body) traits help a player be skilled at this game?

What **mental** (brain) traits help a player be skilled at this game?

Finally, **NAME** your **SPORT**:

What is the name of the **prize** for the winner? **Draw** it above! (For example, in the NHL there is the Stanley Cup!)
